SIX YEAR JD/BACHELOR'S DEGREE PROGRAM AT THE SCHOOL OF LAW

EARLY HONORS-ADMISSION PROGRAM AT THE UNIVERSITY OF MISSOURI SCHOOL OF LAW

Acceptance into this program allows the highly-motivated student the privilege of enrolling in MU Law School before completing their undergraduate degree.

BENEFITS OF THE PROGRAM

- » Students will complete the undergraduate degree while in law school, finishing both degrees in less time. A student will be granted a bachelor's degree upon successful completion of the first year of law school.
- » Missouri students may be able to transfer one year of a Bright Flight Scholarship.
- » Guaranteed scholarship – applicants meeting the requirements listed below will be granted a merit scholarship, however the actual amount will depend upon the overall strength of the application.

TO BEGIN STUDIES AT MIZZOU LAW, AN MU LAW SCHOLAR STUDENT MUST:

- » Complete all general education and major requirements at MU or one of the other schools with which MU Law has an agreement, leaving only elective hours. 30 hours are necessary to complete the first year of law school.
- » Take the LSAT, scoring at or above MU Law's prior year median. (Contact us or MU Law's website)
- » Maintain a GPA at or above MU Law's prior year median. (Contact us or MU Law's website)
- » Complete the MU Law School application by January 15. A complete application file requires receipt of ALL items on the application checklist by MU Law Admissions.

Note: The criteria above establish academic admissibility only. The MU Law School Admissions Committee reserves the right to refuse admission based on criminal history, academic dishonesty or other matters that would justify denial of an applicant.

ACADEMIC SUGGESTIONS

Although the School of Law requires no specific undergraduate major or academic prerequisites, courses such as Writing About Literature, introductory logic or mathematical logic, and an introductory political science course may be beneficial for MU Law Scholars. In addition, students are encouraged to complete a service-learning project, participate in undergraduate research or complete an internship that is relevant to both an undergraduate education and to a career in law.

MU students may select any undergraduate major in the College of Arts & Science, or any other college or school with permission from that specific program. Please note that not all MU undergraduate majors are eligible.

MU Students are encouraged to apply to the MU Honors College, which provides students access to small, selective classes with other high-ability students.
